CIRCULAR/CIRCULAIRE

14

The learning media in this circular are approved by the Minister of Education and Training

Les médias d'apprentissage inscrits dans cette circulaire sont agréés par le ministre de l'Éducation et de la Formation

1994

Important Information Regarding *Circular 14, 1994*

Users of *Circular 14, 1994* should note the following important information:

- Implementation of the common curriculum has started, and all guidelines for Grades 1 to 9 have been superseded by *The Common Curriculum, Grades 1-9, February 1993* and *Transition Years, Grades 7, 8, and 9, 1992*. In this edition of *Circular 14*, however, the structure of the circular and the presentation of listings has not been changed to conform to the structure of *The Common Curriculum* because appropriate legislation to alter existing terminology has not yet been passed.
- In addition to this print version, *Circular 14* is now available in an electronic version. Instructions for accessing the electronic version are found in section 9 of the preliminary pages.
- In keeping with the current emphasis on multimedia materials, references to *textbooks* in the preliminary pages have been changed to *learning media*. The ministry believes that this term reflects better the variety of materials presently used in schools. *Learning media* are all the media used by teachers and students. They include traditional print media such as textbooks, as well as non-print media, including a variety of audio-visual materials and electronic materials such as CD-ROMs and computer disks. All the learning media listed in the circular support a substantial area of the curriculum.
- Many new listings in this edition of the circular are accompanied by a teacher's resource book. Starting in January 1994, all new learning media must be accompanied by a teacher's resource book in order to be eligible for listing in *Circular 14*.
- Starting in September 1994, a single title in a series will not be eligible for listing in *Circular 14* if it does not support a significant portion of one or more areas of the curriculum.

Renseignements importants concernant la *Circulaire 14, 1994*

Les personnes utilisant la *Circulaire 14, 1994* devraient noter les renseignements importants suivants :

- La mise en oeuvre du programme d'études commun est amorcée et tous les documents relatifs aux programmes de la 1^{re} à la 9^e année ont été remplacés par les documents intitulés *Le programme d'études commun, de la 1^{re} à la 9^e année, février 1993* et *Les années de transition : 7^e, 8^e et 9^e années, 1992*. Dans la présente édition de la *Circulaire 14*, toutefois, la structure de la circulaire et la présentation des listes n'ont pas changé pour se conformer à la structure du programme d'études commun étant donné que la mesure législative appropriée visant à modifier la terminologie actuelle n'a pas encore été adoptée.
- En plus de la version imprimée, la *Circulaire 14* est maintenant offerte en version électronique.

Vous trouverez les directives permettant d'avoir accès à la version électronique à la section 9 des pages préliminaires.

- La tendance est au matériel multimédia; c'est dans cet esprit que l'expression *manuels scolaires* dans les pages préliminaires a été remplacée par *médias d'apprentissage*. Le ministère croit que ce terme reflète mieux la variété du matériel actuellement utilisé dans les écoles. Les *médias d'apprentissage* représentent tous les médias utilisés par le personnel enseignant et les élèves, notamment les médias imprimés, comme les manuels scolaires, de même que les médias non imprimés, y compris une variété de matériel audio-visual et électronique comme les systèmes CD-ROM et les disquettes d'ordinateurs. Tous les médias d'apprentissage inscrits dans la circulaire appuient une partie importante du programme d'études.
- Bon nombre des nouveaux titres de la présente édition de la circulaire sont accompagnés d'un manuel de ressources pédagogiques. Dès janvier 1994, tous les nouveaux médias d'apprentissage doivent être accompagnés d'un manuel de ressources pédagogiques en vue d'une inclusion possible dans la *Circulaire 14*.
- Dès janvier 1994, un titre individuel d'une collection ne pourra être inclus dans la *Circulaire 14* s'il n'appuie pas une partie importante d'un ou de plusieurs domaines du programme d'études.

(4) Le conseil met gratuitement à la disposition des élèves inscrits dans une école de jour qu'il administre les manuels choisis en vertu des paragraphes (1) et (2) et qui correspondent aux programmes des élèves.

3. Selection of Learning Media

a) Learning Media Chosen From *Circular 14*

In all subject areas for which approved learning media are listed in *Circular 14*, selection must be made from this list unless section 3(b) below applies. The learning media selected for use must be approved by board resolution (see the Education Act, Chapter E.2, R.S.O. 1990, sections 264 and 265).

Although there are learning media listed in *Circular 14* for Ontario Academic Courses, teachers may select other materials that they deem appropriate, subject to the approval of the local school board.

b) Learning Media and Reference Materials Requiring Only Board Approval

In those subject areas and programs for which no learning media are listed in *Circular 14* (e.g., English literature, *littérature française*, literature in international languages and classics courses, shorthand, and special education), learning media provided by the school board are to be selected by the principal of each school in consultation with the teachers. The selection is to be approved by board resolution (see the Education Act, Chapter E.2, R.S.O. 1990, sections 264 and 265).

The provision for local selection and approval of learning media also applies to those subjects and programs for which the learning media listed do not provide sufficient material for the entire course. A note to this effect accompanies the listings for the appropriate guidelines in *Circular 14*. This provision also applies to specific aspects of certain subjects and programs such as *anglais*, classical studies, English, family studies, *français*, French, language arts, law, international languages, shorthand, special education, and visual arts.

In language programs, reading and reference materials, both print and non-print, including novels, periodicals, plays, poetry, short stories, single-genre anthologies, and dictionaries, do not require ministry approval. These kinds of materials are considered an essential part of language programs and should be approved by local school boards. *Circular 14* does, however, list multigenre anthologies that are accompanied by or contain significant complementary materials and can be used as complete, balanced language programs.

Instructional guides for specific computer software are not listed in *Circular 14*. When such guides are to be used in computer studies or business studies courses, they are to be approved and selected locally.

Where learning media are to be selected locally, as outlined in this section, preference should be given to learning media written or edited by Canadians and produced or manufactured in Canada.

3. Le choix des médias d'apprentissage

a) Choix des médias d'apprentissage figurant dans la *Circulaire 14*

Dans toutes les matières pour lesquelles la *Circulaire 14* donne une liste des médias d'apprentissage agréés, il faut choisir des ouvrages figurant sur cette liste, à moins que le paragraphe 3(b) qui suit s'applique. Les médias d'apprentissage choisis doivent être approuvés par une résolution du conseil scolaire (voir la *Loi sur l'éducation*, chapitre E.2, L.R.O., 1990, articles 264 et 265). Bien qu'il y ait dans la *Circulaire 14* des médias d'apprentissage qui peuvent être utilisés dans les cours préuniversitaires de l'Ontario, les enseignants et enseignantes peuvent choisir d'autres ouvrages qu'ils jugent appropriés, à la condition qu'ils soient approuvés par leur conseil scolaire.

b) Choix des médias d'apprentissage et des ouvrages de référence ne nécessitant que l'approbation du conseil scolaire

En ce qui concerne les matières et les programmes pour lesquels la *Circulaire 14* ne donne aucune liste de médias d'apprentissage (par exemple : la littérature anglaise, la littérature française, les grands auteurs anciens, classiques et modernes, la sténographie et l'enseignement à l'enfance en difficulté), c'est le directeur ou la directrice de chaque école qui, en consultation avec les enseignants et enseignantes, doit choisir les ouvrages que le conseil scolaire va fournir. Ce choix doit être approuvé par une résolution du conseil scolaire (voir la *Loi sur l'éducation*, chapitre E.2, L.R.O., 1990, articles 264 et 265).

La disposition relative au choix et à l'approbation des médias d'apprentissage au niveau local s'applique également aux matières et aux programmes pour lesquels chaque ouvrage que l'on retrouve dans la liste ne couvre pas toute la matière du cours. On trouvera une note à cet effet dans la *Circulaire 14*, sous le titre des programmes-cadres concernés. Cette disposition s'applique à des aspects précis de matières et de programmes (anglais, études classiques, English, sciences familiales, français, French, arts du langage, droit, langues internationales, sténographie, enseignement à l'enfance en difficulté et arts visuels).

Le matériel de lecture et les ouvrages de référence (romans, périodiques, pièces de théâtre, recueils de poésie et de nouvelles, anthologies ne portant que sur un genre, dictionnaires) de programmes d'enseignement d'une langue n'ont pas à recevoir l'approbation du ministère, qu'ils soient imprimés ou non. Ce type de matériel est considéré comme étant une partie essentielle d'un programme d'enseignement d'une langue et ne nécessite que l'approbation du conseil scolaire. Par ailleurs, la *Circulaire 14* énumère des anthologies incluant différents genres qui sont accompagnées d'un matériel d'appui considérable et qui peuvent constituer un programme complet et équilibré d'enseignement d'une langue.

La *Circulaire 14* ne contient pas de guides pour les logiciels. Ceux-ci devront être choisis et approuvés au niveau local si l'on désire en utiliser dans les cours d'informatique et d'affaires et commerce.

c) Learning Media Requiring Ministry Permission

A request for permission to use learning media not listed in *Circular 14*, or not covered under section 3(b) above, must be submitted by the chief education officer for a school board to the regional director of education for the attention of the Manager, Learning Media Unit, Curriculum and Assessment, Policy Priorities and Curriculum Development Division. The request should include a statement to the effect that the board has approved the use of the learning media and one copy of the items, which will be returned.

d) Learning Media for Non-guideline Courses

Courses not included in the rationale of existing ministry guidelines require ministry approval for purposes of credit towards the Ontario Secondary School Diploma. Permission is also required for learning media to be used in connection with such courses.

A submission for the approval of a non-guideline course should include a list of the learning media proposed for use and a statement to the effect that the board has approved the use of these learning media.

e) Language of Learning Media

For classes and schools established under part XI of the Education Act, "French Language Instruction", the learning media selected by school boards shall be in the language of instruction of the program or course in which they are used unless permission is given by the regional director of education to do otherwise.

4. General Information Regarding Learning Media

a) Eligibility for Evaluation for *Circular 14*

Learning media to be evaluated for possible inclusion in *Circular 14* must meet the following criteria:

- Wherever possible, learning media must be written by a Canadian citizen or citizens or a permanent resident or residents of Canada, and must be produced or manufactured in Canada.
- The content must be accurate and of sound scholarship and must have contemporary relevance.
- The learning media must be consistent with one or more curriculum guidelines developed by the Ministry of Education and Training and must support a substantial part thereof.
- The learning media must be free from racial, national or ethnic, religious, cultural, or sexual bias or bias against the aged, disabled persons, persons in certain occupations, or individuals belonging to a specific group.
- The learning media must be intended primarily for pupil, not teacher, use.
- Starting in January 1994, if the learning media are for use under Schedules 1 through 4, they must be accompanied by a teacher's resource book.
- Starting in September 1994, in the case of a series, either one title in the series or the entire series must cover a significant portion of one or more areas of the curriculum. Individual titles in a series that do not cover a significant

Lorsque les médias d'apprentissage sont choisis au niveau local, en vertu de ce qui précède, il y a lieu de donner la préférence aux ouvrages d'auteurs et d'éditeurs canadiens, produits et fabriqués au Canada.

c) Médias d'apprentissage nécessitant l'approbation du ministère

L'agent ou l'agente en chef d'éducation du conseil scolaire doit soumettre toute demande relative à l'utilisation de médias d'apprentissage ne figurant pas dans la *Circulaire 14*, ou n'entrant pas dans les catégories d'ouvrages mentionnées à l'article 3(b) ci-dessus, au directeur régional ou à la directrice régionale de l'éducation, à l'attention du chef de l'Unité des médias d'apprentissage, Programmes d'enseignement et évaluation, Division des priorités en matière de politiques et de l'élaboration des programmes d'enseignement. Il faut préciser dans la demande que le conseil scolaire en a approuvé l'utilisation et y joindre les médias d'apprentissage en question, lesquels seront retournés.

d) Médias d'apprentissage utilisés dans les cours non inspirés d'un programme-cadre

Tout cours se plaçant en marge des programmes-cadres du ministère doit être approuvé par le ministère pour donner droit à un crédit en vue de l'obtention du diplôme d'études secondaires de l'Ontario. Il faut aussi obtenir une permission pour tous les médias d'apprentissage qui seront utilisés dans ces cours.

Toute demande d'approbation de cours non inspirés d'un programme-cadre doit comporter une liste des médias d'apprentissage que l'on prévoit utiliser et une note indiquant que le conseil scolaire en a approuvé l'utilisation.

e) Langue dans laquelle doivent être rédigés les médias d'apprentissage

Les médias d'apprentissage choisis par les conseils scolaires pour être utilisés dans les classes ou les écoles instituées en vertu de la onzième partie de la *Loi sur l'éducation*, «Enseignement en français», doivent être dans la langue d'enseignement du programme ou du cours dans le cadre duquel ils sont utilisés, sauf si le directeur régional ou la directrice régionale de l'éducation permet qu'il en soit autrement.

4. Renseignements généraux concernant les médias d'apprentissage

a) Critères d'admissibilité à l'évaluation des médias d'apprentissage devant figurer dans la *Circulaire 14*

Les médias d'apprentissage devant être évalués en vue de figurer dans la *Circulaire 14* doivent répondre aux critères suivants :

- Dans la mesure du possible, les médias d'apprentissage doivent être rédigés par un, une ou plusieurs citoyens canadiens ou résidents permanents du Canada et produits ou fabriqués au Canada.
- Le contenu doit être exact, constituer une base d'enseignement solide et concerner notre époque.
- Les médias d'apprentissage doivent être conformes aux exigences d'un ou de plusieurs programmes-cadres du ministère de l'Éducation et de la Formation et étayer une bonne partie de son contenu.

portion of an area of the curriculum will not be eligible for evaluation.

– A book must be of such a nature that it would be purchased in multiple copies for use by a class or groups of students.

Individually, the components of learning media listed below are not eligible for *Circular 14* evaluation. However, if they are part of a multimedia program, they may be eligible for review. Any such program must support a significant portion of one or more areas of the curriculum. The components include:

- workbooks and consumable materials,
- teachers' guides,
- laboratory materials,
- kits consisting mainly of consumable items,
- manipulative materials,
- games and puzzles,
- reading materials such as novels, periodicals, plays, poetry, short stories, and single-genre anthologies,
- reference materials such as dictionaries and grammar books,
- computer software and instructional guides for computer software.

b) Approval Procedures

Learning media submitted to the Ministry of Education and Training for *Circular 14* listing are evaluated by educators on the basis of criteria agreed upon by the ministry and the stakeholder groups. The learning media must meet the requirements and support the content of one or more areas of ministry curriculum and must reflect fully the reality of Canada's racial, religious, and cultural diversity. The evaluators submit reports and recommendations, which are reviewed by the ministry, and a decision is made under the authority of the Minister of Education and Training with respect to listing in *Circular 14*.

c) Local Evaluation of Learning Media

In order to accommodate individual differences among students, schools need flexibility in the selection of learning media. Several approved titles are therefore listed for use in courses based on many of the curriculum guidelines. All materials to be used as learning media should be evaluated by the appropriate teaching staff members before recommendations are made to the principal regarding the materials to be selected.

d) Reading Levels

The variation in reading levels of learning media listed for any one guideline in *Circular 14* enables teachers to choose titles that will accommodate the range of students' reading abilities. The ministry has not assigned reading-level designations to the learning media. It is preferable for each teacher to determine the suitable reading level of materials for use by his or her students. In addition to the vocabulary used, conceptual level, and style of writing, other factors such as student motivation, maturity, cultural background, abilities, and experience should be considered when selecting suitable learning media.

– Les médias d'apprentissage doivent être exempts de tout préjugé de race, d'origine nationale ou ethnique, de religion, de culture, de sexe, d'âge ou exempts de préjugé envers les personnes handicapées ou les personnes exerçant un certain métier ou une certaine profession ou envers un groupe de personnes en particulier.

– Les médias d'apprentissage doivent être surtout destinés à l'élève et non aux enseignants et enseignantes.

– Dès janvier 1994, les médias d'apprentissage figurant dans les listes 1 à 4 doivent être accompagnés d'un manuel de ressources pédagogiques.

– Dès septembre 1994, un titre ou la totalité des titres d'une collection doit porter sur une partie importante d'un ou de plusieurs domaines du programme d'études. Un titre individuel d'une collection ne couvrant pas une partie importante d'un domaine du programme d'études ne sera pas admissible à des fins d'évaluation.

– L'ouvrage doit être tel que l'on puisse en acheter plusieurs exemplaires pour une classe ou un groupe d'élèves.

Individuellement, les composantes des médias d'apprentissage énumérées ci-dessous ne sont pas admissibles à une évaluation aux fins d'une inclusion dans la *Circulaire 14*. Toutefois, si elles font partie d'un programme multimédia, elles peuvent faire l'objet d'une évaluation. Tout programme de cet ordre doit étayer une partie importante d'un ou de plusieurs domaines du programme d'études. Voici quelles peuvent être les composantes des médias d'apprentissage :

- les cahiers d'exercices et le matériel d'une utilité temporaire;
- les guides pédagogiques;
- le matériel de laboratoire;
- les trousseaux contenant essentiellement des articles d'une utilité temporaire;
- le matériel de manipulation;
- les jeux et les casse-tête;
- le matériel de lecture tels les romans, les périodiques, les pièces de théâtre, les recueils de poésie et de nouvelles, et les anthologies ne portant que sur un genre;
- les ouvrages de référence tels les dictionnaires et les grammaires;
- les logiciels et les guides pour les logiciels.

b) Processus d'approbation

Les médias d'apprentissage remis au ministère de l'Éducation et de la Formation à des fins d'inclusion dans la *Circulaire 14* sont évalués par des éducatrices et des éducateurs en fonction de critères fixés par le ministère et les groupes intéressés. Les médias d'apprentissage doivent répondre aux exigences d'au moins un domaine du programme d'études et en appuyer le contenu, de même que refléter les diversités raciale, religieuse et culturelle du Canada. Les personnes responsables de l'évaluation remettent des rapports et formulent des recommandations qui sont étudiés par le ministère; une décision est ensuite prise en vertu de l'autorité conférée au ministre de l'Éducation et de la Formation concernant l'inclusion dans la *Circulaire 14*.

c) Évaluation des médias d'apprentissage au niveau local

Pour donner aux écoles une certaine latitude dans le choix de médias d'apprentissage qui répondent aux besoins propres à chaque élève, on donne une liste de différents ou

5. Information on Learning Media for Some Specific Programs

a) Learning Media for French As a Second Language

The ministry will continue to approve and list in *Circular 14* learning media for courses in French as a second language (core programs). Learning media for extended and immersion French language arts courses will continue to be approved locally by school boards. However, starting in January 1994, learning media for immersion and extended French language arts courses for Grades 1 to 9 will be evaluated by the ministry for possible listing in *Circular 14*.

b) Learning Media for International Languages

The curriculum guideline *International Languages, Intermediate and Senior Divisions, 1990* provides guidance for the development of credit courses in more than sixty languages. Boards should choose the languages to be taught on the basis of student interest and local needs.

The selection and approval of learning media for international languages will be the responsibility of each school board.

c) Learning Media for Technological Education

As part of the restructuring of education, programs in technological education are being modified. Many school boards are already implementing the new programs, with assistance from the ministry through the Technological Education Program and Equipment Renewal Fund.

This edition of *Circular 14* reflects some changes in programs by listing learning media for technological education for the Intermediate and Senior Divisions under six headings: Communication Technology, Construction Technology, Design Processes in Technology, Manufacturing Technology, Services Technology, and Transportation Technology. Learning media that may be useful in more than one area are listed under all relevant headings. These changes do not affect the listing of learning media for the Ontario Academic Courses.

vrages agréés qui peuvent être utilisés dans des cours inspirés d'un grand nombre de programmes-cadres. Tout matériel destiné à être utilisé comme médias d'apprentissage devrait être évalué par des membres compétents du personnel enseignant avant d'être recommandé au directeur ou à la directrice d'école.

d) Niveaux de lecture

Les médias d'apprentissage énumérés dans la *Circulaire 14* pour chaque programme-cadre sont à des niveaux de lecture suffisamment variés pour que les enseignants et enseignantes puissent choisir des ouvrages qui conviennent aux capacités diverses des élèves. Le ministère s'est abstenu d'indiquer un niveau de lecture pour les médias d'apprentissage. Il est préférable que chaque enseignant ou enseignante détermine le niveau qui convient à ses élèves. Outre le vocabulaire utilisé, le niveau conceptuel et le style, on doit prendre en ligne de compte, lorsqu'on choisit des médias d'apprentissage, d'autres facteurs comme la motivation, la maturité, le milieu culturel, les aptitudes et l'expérience des élèves.

5. Renseignements relatifs aux médias d'apprentissage destinés à certains programmes

a) Médias d'apprentissage pour le français langue seconde

Le ministère continuera à approuver, aux fins d'inclusion dans la *Circulaire 14*, les médias d'apprentissage pour les cours de base de français langue seconde. Les manuels pour les cours de français intensifs et pour les cours d'immersion en français d'arts du langage seront encore approuvés par les conseils scolaires. Toutefois, dès janvier 1994, pour la 1^{re} à la 9^e année, les médias d'apprentissage des cours d'immersion en français et des cours de français intensifs d'arts du langage seront évalués par le ministère en vue d'une inclusion possible dans la *Circulaire 14*.

b) Médias d'apprentissage pour les langues internationales

Le programme-cadre intitulé *Langues internationales, cycles intermédiaire et supérieur (1990)* sert de guide pour l'élaboration des cours ouvrant droit à des crédits et portant sur plus de soixante langues. Les conseils scolaires devraient choisir les langues à enseigner en fonction de l'intérêt des élèves et des besoins locaux.

Les conseils scolaires seront responsables de la sélection et de l'approbation des médias d'apprentissage pour le programme des langues internationales.

c) Médias d'apprentissage pour l'éducation technologique

Dans le cadre de la refonte de l'éducation, les programmes d'éducation technologique font l'objet de modifications. Plusieurs conseils scolaires ont déjà amorcé la mise en oeuvre des nouveaux programmes avec l'aide du ministère, qui a établi à cette fin le Fonds pour le renouvellement de l'équipement et des programmes – Études technologiques.

La présente édition de la *Circulaire 14* tient compte des changements en présentant les médias d'apprentissage de l'éducation technologique destinés aux cycles intermédiaire

6. Expenditures on Learning Media

The basic legislative grant for learning media is included in the grants for ordinary expenditures. Consequently, the responsibility for ensuring that adequate expenditure is made on learning media lies with school board officials. The importance of having an adequate supply of up-to-date learning media and other materials that are relevant to the school curriculum and consistent with sound pedagogical practices cannot be overestimated.

Learning media selected from *Circular 14* and purchased by a school board remain the property of the board and are intended to be used for more than one school year.

et supérieur, y compris les médias d'apprentissage approuvés antérieurement, sous six rubriques : technologie des communications, technologie de la construction, procédés de design en technologie, technologie de la fabrication, technologie des services et technologie du transport. Les médias d'apprentissage qui pourraient s'avérer utiles dans plus d'un domaine sont énumérés sous toutes les rubriques pertinentes. Ces changements n'ont aucun effet sur les listes de médias d'apprentissage pour les cours préuniversitaires de l'Ontario.

6. Les dépenses en médias d'apprentissage

La subvention générale de base concernant les médias d'apprentissage est comprise dans les subventions applicables aux dépenses ordinaires. Il appartient donc aux responsables des conseils scolaires de veiller à ce que des sommes suffisantes soient consacrées aux médias d'apprentissage. On ne peut trop insister sur l'importance de se procurer une quantité suffisante de manuels et de matériel didactique à jour, respectant les programmes scolaires et conformes aux bonnes méthodes d'enseignement.

Les médias d'apprentissage qu'un conseil scolaire choisit dans la *Circulaire 14* et achète lui appartiennent et sont destinés à être utilisés pendant plus d'une année scolaire.

c) Notes Accompanying Listings

Interim approval only. This note is added for non-Canadian learning media. These titles will be removed from *Circular 14* if adequate Canadian materials become available.

Approved for limited time only. Learning media accompanied by this statement will be deleted from the next edition of *Circular 14*.

Recommended use. A note indicating that a title is recommended for a specific use may accompany a listing; for example, "Recommended for basic level courses" or "Recommended for advanced level courses."

Approved for courses developed from superseded guidelines. Although certain superseded guidelines are not listed in this edition of *Circular 14*, schools may continue to offer courses developed from these guidelines for a limited time. Learning media accompanied by this statement may be used only for such courses. The titles of the superseded guidelines can be found in previous editions of *Circular 14*.

Teacher's resource book available. Many of the new listings in this edition of the circular are accompanied by a teacher's resource book. Starting in January 1994, all new learning media must be accompanied by a teacher's resource book in order to be eligible for listing in *Circular 14*.

d) Identification Numbers

Each title listed in *Circular 14* is preceded by an identification number and an International Standard Book Number (ISBN). These numbers have been introduced to facilitate the school boards' procedures for ordering learning media.

e) Prices

The prices given in *Circular 14* are *net* prices. This means that the usual educational discount has been applied and the price listed for each entry is the price that a school board or a school will pay for that particular title. Shipping charges may be added to these net prices.

Prices quoted in *Circular 14* are in effect for the calendar year in which the circular is published.

f) Series Listings

Booklets and other textual materials that form part of a series are listed under the series title. Individual titles can be located through the title index if the series title is not known.

c) Mentions accompagnant les ouvrages agréés

Approuvé provisoirement. Cette mention se rapporte aux médias d'apprentissage non canadiens. Ces médias d'apprentissage seront retirés de la *Circulaire 14* lorsque du matériel canadien satisfaisant sera offert sur le marché.

Approuvé pour une durée limitée. Les médias d'apprentissage accompagnés de cette mention seront éliminés de la prochaine édition de la *Circulaire 14*.

Recommandé à une fin déterminée. Un ouvrage peut être accompagné d'une mention indiquant qu'il est recommandé à une fin déterminée, par exemple, «Recommandé pour le niveau avancé».

Approuvé pour les cours élaborés à partir de programmes-cadres qui ont été remplacés. Bien que certains programmes-cadres qui ont été remplacés ne soient pas mentionnés dans la présente édition de la *Circulaire 14*, les écoles peuvent continuer d'offrir des cours élaborés à partir de ces programmes-cadres pour une durée limitée; les médias d'apprentissage accompagnés de la présente note ne peuvent être utilisés que dans le cadre de ces cours. Les programmes-cadres qui ont été remplacés figurent dans les éditions précédentes de la *Circulaire 14*.

Autorisé provisoirement. Les médias d'apprentissage accompagnés de cette mention seront retirés de la *Circulaire 14* lorsque du matériel correspondant mieux au vécu de l'élève ontarien(ne) sera offert sur le marché.

Manuel de ressources pédagogiques disponible. Bon nombre des nouveaux titres de la présente édition de la *Circulaire 14* sont accompagnés d'un manuel de ressources pédagogiques. Dès janvier 1994, tous les nouveaux médias d'apprentissage doivent être accompagnés d'un manuel de ressources pédagogiques en vue d'une inclusion possible dans la *Circulaire 14*.

d) Numéros d'identification

Chaque titre figurant dans la *Circulaire 14* est précédé d'un numéro d'identification et du numéro normalisé international du livre (ISBN). Ce système a été adopté pour faciliter la tâche des conseils scolaires lorsqu'ils commandent des médias d'apprentissage.

e) Prix

Les prix indiqués dans cette publication sont des prix *nets*. Cela veut dire que la remise habituellement accordée aux écoles a été appliquée et que le prix figurant à côté de chaque titre est celui que le conseil scolaire ou l'école devra payer pour l'ouvrage. Des frais d'expédition peuvent être ajoutés aux prix nets.

Les prix indiqués dans la *Circulaire 14* demeurent en vigueur pendant l'année civile au cours de laquelle est parue la circulaire.

g) Common Course Codes

The titles listed under some of the guidelines include common course codes. The codes appear in bold at the end of each listing. The common course codes facilitate the selection of learning media since they indicate the course(s) for which each title has been approved. Teachers will find complete lists of courses and their common course codes in the appropriate curriculum guidelines.

8. Special Learning Materials for Print-impaired Students

The W. Ross Macdonald School, a provincial resource centre for the visually impaired, provides special materials to assist local Ontario school boards to meet the needs of their print-impaired students.

The Resource Services Library program provides braille, audiotope, and large-print materials for print-impaired students.

In order to qualify for this service, a print-impaired student's need for the service must be approved by an ophthalmologist, an educational psychologist, or an educational consultant.

The Resource Services Library will attempt to provide all approved titles in the requested medium upon receipt of the appropriate forms. Forms may be obtained by writing to or telephoning:

The Program Director, Resource Services
The W. Ross Macdonald School
350 Brant Ave.
Brantford, Ont.
N3T 3J9
Telephone: (519) 759-0730

g) Codes des cours

Les codes des cours tirés du système uniforme de codage des cours accompagnent les titres des ouvrages figurant sous certains programmes-cadres. Ces codes sont écrits en caractères gras. Comme ils indiquent le ou les cours pour lequel ou lesquels chaque ouvrage a été approuvé, ils aident les enseignants et enseignantes à choisir les médias d'apprentissage appropriés. Le personnel enseignant trouvera la liste complète des cours et les codes des cours dans les programmes-cadres appropriés.

The ministry recommends that you obtain a copy of Kermit, for \$5.00, from the library at the Ontario Institute for Studies in Education (OISE) at the following address:

OISE Library
Ontario Institute for Studies in Education
252 Bloor Street West
Toronto, Ontario
M5S 1V6

If using Kermit, you must have the correct initialization file or use Kermit commands to make these settings. Connect to your modem and dial 416-967-1113. If your modem supports Hayes-compatible commands and you are a local caller, use the command ATD9671113 to dial OISE. Once you are connected, hit <RET> repeatedly at one-second intervals until you receive the ENTER CLASS: prompt. Type "eloise" followed by <RET> and you will be connected to the welcome screen.

ECNO Access

In April 1994, a SearchMate version of *Circular 14* will be available through the Educational Document Distribution Service (EDDS) to school boards that use the Educational Computing Network of Ontario (ECNO).

CD-ROM

ONTERIS will be releasing the second version of the ONeducation CD-ROM in the first quarter of 1994. The full database of *Circular 14* will be searchable by DOS computers. FileMaker Pro 2.0 versions will also be included for copying to hard drive.

Diskettes

In the second quarter of 1994, all school boards and provincial schools will receive a diskette release of FileMaker Pro 2.0 through the Ontario Educational Software Service (OESS) of the TVO network. FileMaker Pro 2.0 versions of *Circular 14* and other Ministry of Education and Training documents will run on Windows-capable PCs and Macintosh computers.

Le ministère vous recommande de vous procurer une copie de Kermit (5 \$) à la bibliothèque de l'Institut d'études pédagogiques de l'Ontario (IEPO) dont voici l'adresse :

Bibliothèque de l'IEPO
Institut d'études pédagogiques de l'Ontario
252, rue Bloor ouest
Toronto (Ontario)
M5S 1V6

Si vous utilisez Kermit, vous devez avoir le bon fichier d'initialisation ou avoir les commandes Kermit pour effectuer les réglages appropriés. Branchez-le à votre modem et composez-le (416) 967-1113. Si votre modem accepte les commandes compatibles avec le système Hayes et que vous effectuez un appel local, utilisez la commande ATD9671113 pour communiquer avec l'IEPO. Une fois que vous êtes en communication, appuyez à plusieurs reprises sur la touche <RET> à une seconde d'intervalle jusqu'à ce que vous receviez le message ENTER CLASS:. Dactylographiez "eloise" suivi de <RET> et vous aurez accès à l'écran de bienvenue.

Accès par le Réseau informatique éducationnel de l'Ontario (RIEO)

En avril 1994, une version SearchMate de la *Circulaire 14* sera offerte aux conseils scolaires membres du RIEO par le biais du Service de distribution des documents sur l'éducation (SDDE).

CD-ROM

ONTERIS publiera une deuxième version du CD-ROM ONeducation pendant le premier trimestre de 1994. Il sera possible de consulter toute la base de données de la *Circulaire 14* au moyen du DOS. La version FileMaker Pro 2.0 sera également incluse pour que vous puissiez la copier sur le disque dur.

Disquettes

Au cours du second trimestre de 1994, les conseils scolaires et les écoles provinciales recevront une disquette de la version FileMaker Pro 2.0 par le biais du Service de didacticiels de l'Ontario (SDO) du réseau TVO. La version FileMaker Pro 2.0 de la *Circulaire 14* et d'autres documents du ministère de l'Éducation et de la Formation pourront être utilisés sur des ordinateurs personnels avec Windows et des ordinateurs Macintosh.

Deleted Learning Media

The following titles, which have previously been included in *Circular 14*, are no longer approved for use in schools. They have been removed mainly because they are out of date and/or out of print, or because they have been replaced by new editions.

The titles on this list may be used for two years subsequent to the current school year. School boards should establish procedures to ensure that deleted titles are not used as learning media after the two-year period.

Ouvrages retirés

Les médias d'apprentissage ci-dessous, qui figuraient dans la *Circulaire 14*, ne sont plus agréés. Ils en ont été retirés parce qu'ils sont périmés, que l'édition est épuisée ou encore parce qu'ils ont été remplacés par de nouvelles éditions.

Les médias d'apprentissage qui figurent sur cette liste peuvent être utilisés pendant *deux* ans après l'année scolaire en cours. Les conseils scolaires devraient prendre des mesures afin que les ouvrages retirés de la circulaire ne soient pas utilisés après la période de deux ans.

Primary Division Schedule 1

Introduction

Schedule 1 contains the titles approved for use in the Primary Division. In *Circular 14*, only the compulsory years of schooling, Grades 1 to 3, are included in the Primary Division. School boards will be required to provide learning media selected from Schedule 1 in numbers sufficient for the use of their students.

There is a need to recognize the trend away from the use of a single text per grade as the principal instrument of instruction. Instead, there is an increasing emphasis on the development of resource-based programs that actively involve students in the use of a wide range of appropriate print, non-print, and human resources. Teachers need to be provided with an ever-increasing selection of books and other instructional materials in order to be able to choose those that meet the different needs and aptitudes of their students.

The curriculum for the Primary Division is described in *The Common Curriculum, Grades 1-9, February 1993*. This document supersedes all former Primary Division guidelines. To maintain consistency, for the present learning media listed for the Primary Division are categorized according to the subject headings used previously. It is expected that all learning media used in the Primary Division will be consistent with the policies and will support the outcomes outlined in *The Common Curriculum*.

Cycle primaire Liste 1

Introduction

La liste 1 énumère les titres agréés pour le cycle primaire. Dans la *Circulaire 14*, seules les années d'études obligatoires de la 1^{re} à la 3^e sont comprises dans le cycle primaire. On demande aux conseils de mettre à la disposition de leurs élèves en nombre suffisant les médias d'apprentissage choisis à partir de cette liste.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un seul manuel scolaire par année d'études comme instrument principal d'enseignement. On insiste au contraire, de plus en plus, sur l'élaboration de programmes axés sur les ressources où les élèves utilisent un large éventail de ressources humaines et de matériel imprimé et non imprimé. Il faut fournir aux enseignants et enseignantes une quantité toujours plus grande de livres et d'autre matériel didactique pour qu'ils puissent répondre aux aptitudes et aux besoins variés des élèves.

Le programme d'études du cycle primaire est décrit dans le document intitulé *Le programme d'études commun, de la 1^{re} à la 9^e année, février 1993*. Ce document remplace tous les anciens documents relatifs aux programmes du cycle primaire. À des fins d'uniformité, les médias d'apprentissage inscrits à la liste du cycle primaire sont classés selon les titres des matières utilisés auparavant. On s'attend que tous les médias d'apprentissage utilisés au cycle primaire respecteront la politique énoncée dans le programme d'études commun et qu'ils appuieront les résultats qui y sont décrits.

Les titres français sont classés après les titres anglais.

Technological Education Éducation technologique

Listing of approved learning media for Technological Education will commence in Circular 14, 1995. For the selection of materials until that time, see preliminary pages, section 3(b).

Les médias d'apprentissage agréés pour l'éducation technologique seront inscrits dans la Circulaire 14 à partir de 1995. Pour savoir quel matériel utiliser d'ici là, voir l'article 3(b) des pages préliminaires.

Visual Arts Arts visuels

Junior Division Schedule 2

Introduction

Schedule 2 contains the titles approved for use in the Junior Division. School boards will be required to provide learning media selected from Schedule 2 in numbers sufficient for the use of their students.

There is a need to recognize the trend away from the use of a single text per grade as the principal instrument of instruction. Instead, there is an increasing emphasis on the development of resource-based programs that actively involve students in the use of a wide range of appropriate print, non-print, and human resources. Teachers need to be provided with an ever-increasing selection of books and other instructional materials in order to be able to choose those that meet the different needs and aptitudes of their students.

The curriculum for the Junior Division is described in *The Common Curriculum, Grades 1-9, February 1993*. This document supersedes all former Junior Division guidelines. To maintain consistency, for the present learning media listed for the Junior Division are categorized according to the subject headings used previously. It is expected that all learning media used in the Junior Division will be consistent with the policies and will support the outcomes outlined in *The Common Curriculum*.

Cycle moyen Liste 2

Introduction

La liste 2 énumère les titres agréés pour le cycle moyen. On demande aux conseils scolaires de mettre à la disposition de leurs élèves en nombre suffisant les médias d'apprentissage choisis à partir de cette liste.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un seul manuel scolaire comme instrument principal d'enseignement. On insiste au contraire, de plus en plus, sur l'élaboration de programmes axés sur les ressources où les élèves utilisent activement un large éventail de ressources humaines et de matériel imprimé et non imprimé. Il faut fournir aux enseignants et enseignantes une quantité toujours plus grande de livres et d'autre matériel didactique pour qu'ils puissent répondre aux aptitudes et aux besoins variés de leurs élèves.

Le programme d'études du cycle moyen est décrit dans le document intitulé *Le programme d'études commun, de la 1^{re} à la 9^e année, février 1993*. Ce document remplace tous les anciens documents relatifs aux programmes du cycle moyen. À des fins d'uniformité, les médias d'apprentissage inscrits à la liste du cycle moyen sont classés selon les titres des matières utilisés auparavant. On s'attend que tous les médias d'apprentissage utilisés au cycle moyen respecteront la politique énoncée dans le programme d'études commun et qu'ils appuieront les résultats qui y sont décrits.

Les titres français sont classés après les titres anglais.

Intermediate Division Schedule 3

Introduction

Schedule 3 contains the titles approved for use in the Intermediate Division. School boards will provide learning media selected from Schedule 3 in numbers sufficient for the use of their students.

There is a need to recognize the trend away from the use of a single text per grade as the principal instrument of instruction. Instead, there is an increasing emphasis on the development of resource-based programs that actively involve students in the use of a wide range of appropriate print, non-print, and human resources. Teachers need to be provided with an ever-increasing selection of books and other instructional materials in order to be able to choose those that meet the different needs and aptitudes of their students.

The official policy document for Grades 7 to 9 in the Intermediate Division is *Transition Years, Grades 7, 8, and 9, 1992*. The curriculum for these grades is described in *The Common Curriculum, Grades 1-9, February 1993*. These documents supersede all former Intermediate Division guidelines. To maintain consistency, for the present learning media listed for the Intermediate Division are categorized according to the subject headings used previously. It is expected that all learning media used in Grades 7 to 9 will be consistent with the policies and will support the outcomes outlined in *Transition Years* and *The Common Curriculum*.

The policy document for Grade 10 continues to be *Ontario Schools, Intermediate and Senior Divisions, 1989*. Learning media for Grade 10 courses should support existing curriculum guidelines.

Cycle intermédiaire Liste 3

Introduction

La liste 3 énumère les titres agréés pour le cycle intermédiaire. On demande aux conseils scolaires de mettre à la disposition de leurs élèves en nombre suffisant les médias d'apprentissage choisis à partir de cette liste.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un seul manuel scolaire par année d'études comme instrument principal d'enseignement. On insiste au contraire, de plus en plus, sur l'élaboration de programmes axés sur les ressources où les élèves utilisent activement un large éventail de ressources humaines et de matériel imprimé et non imprimé. Il faut fournir aux enseignants et enseignantes une quantité toujours plus grande de livres et d'autre matériel didactique pour qu'ils puissent répondre aux aptitudes et aux besoins variés de leurs élèves.

La politique relative au programme d'études des 7^e, 8^e et 9^e années, cycle intermédiaire, est énoncée dans le document *Les années de transition : 7^e, 8^e et 9^e années, 1992*. Le programme d'études de ces années est décrit dans le document intitulé *Le programme d'études commun, de la 1^{re} à la 9^e année, février 1993*. Ces documents remplacent tous les anciens documents relatifs aux programmes du cycle intermédiaire. À des fins d'uniformité, les médias d'apprentissage inscrits à la liste du cycle intermédiaire sont classés selon les titres des matières utilisés auparavant. On s'attend que tous les médias d'apprentissage utilisés de la 7^e à la 9^e année respecteront la politique énoncée dans *Les années de transition : 7^e, 8^e et 9^e années, 1992* et *Le programme d'études commun, de la 1^{re} à la 9^e année, février 1993* et qu'ils appuieront les résultats qui y sont décrits.

La politique relative au programme d'études de la 10^e année continue d'être énoncée dans le document *Les écoles de l'Ontario aux cycles intermédiaire et supérieur, 1989*. Les médias d'apprentissage des cours de 10^e année devraient appuyer les programmes-cadres existants.

Les titres français sont classés après les titres anglais.

Senior Division Schedule 4

Introduction

Schedule 4 contains the titles approved for use in the Senior Division. School boards will provide learning media selected from Schedule 4 in numbers sufficient for the use of their students.

There is a need to recognize the trend away from the use of a single text per course as the principal instrument of instruction. Instead, there is an increasing emphasis on the development of resource-based programs that actively involve students in the use of a wide range of appropriate print, non-print, and human resources. Teachers need to be provided with an ever-increasing selection of books and other instructional materials in order to be able to choose those that meet the different needs and aptitudes of their students.

The policy document for the Senior Division continues to be *Ontario Schools, Intermediate and Senior Divisions, 1989*. Learning media for Senior Division courses should support existing curriculum guidelines.

Cycle supérieur Liste 4

Introduction

La liste 4 énumère les titres agréés pour le cycle supérieur. On demande aux conseils scolaires de mettre à la disposition de leurs élèves en nombre suffisant les médias d'apprentissage choisis à partir de cette liste.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un seul manuel scolaire par cours comme instrument principal d'enseignement. On insiste au contraire, de plus en plus, sur l'élaboration de programmes axés sur les ressources où les élèves utilisent activement un large éventail de ressources humaines et de matériel imprimé et non imprimé. Il faut fournir aux enseignants et enseignantes une quantité toujours plus grande de livres et d'autre matériel didactique pour qu'ils puissent répondre aux aptitudes et aux besoins variés de leurs élèves.

La politique relative au programme d'études du cycle supérieur continue d'être énoncée dans le document *Les écoles de l'Ontario aux cycles intermédiaire et supérieur, 1989*. Les médias d'apprentissage des cours du cycle supérieur devraient appuyer les programmes-cadres existants.

Les titres français sont classés après les titres anglais.

Ontario Academic Courses Schedule 5

Introduction

Schedule 5 contains the titles of some of the learning media to be used for Ontario Academic Courses.

Ontario Regulation 298/90 requires school boards to purchase texts in numbers sufficient for the use of all their students, including those enrolled in Ontario Academic Courses.

The lists of learning media under this schedule are not intended to be restrictive. Teachers may make their own choices in consultation with the principal and subject to the approval of the local school board.

There is a need to recognize the trend away from the use of a single text per course as the principal instrument of instruction. Instead, there is an increasing emphasis on the development of resource-based programs that actively involve students in the use of a wide range of appropriate print, non-print, and human resources. Teachers need to be provided with an ever-increasing selection of books and other instructional materials in order to be able to choose those that meet the different needs and aptitudes of their students.

The policy document for Ontario Academic Courses continues to be *Ontario Schools, Intermediate and Senior Divisions, 1989*. Learning media for Ontario Academic Courses should support existing curriculum guidelines.

Cours préuniversitaires de l'Ontario Liste 5

Introduction

La liste 5 contient les titres de quelques-uns des médias d'apprentissage devant être utilisés dans les cours préuniversitaires de l'Ontario.

En vertu du *Règlement de l'Ontario 298/90*, les conseils scolaires sont tenus d'acheter des manuels en nombre suffisant pour tous les élèves, y compris ceux suivant les cours préuniversitaires de l'Ontario.

La présente liste de médias d'apprentissage n'est pas restrictive. En consultation avec le directeur ou la directrice d'école, les enseignants et enseignantes peuvent choisir les titres qu'ils jugent pertinents et les soumettre à l'approbation de leur conseil scolaire.

Il y a lieu de remarquer que l'on tend maintenant à ne plus utiliser un seul manuel scolaire par cours comme instrument principal d'enseignement. On insiste au contraire, de plus en plus, sur l'élaboration de programmes axés sur les ressources où les élèves utilisent activement un large éventail de ressources humaines et de matériel imprimé et non imprimé. Il faut fournir aux enseignants et enseignantes une quantité toujours plus grande de livres et d'autre matériel didactique pour qu'ils puissent répondre aux aptitudes et aux besoins variés de leurs élèves.

La politique relative au programme d'études des cours préuniversitaires de l'Ontario continue d'être énoncée dans le document *Les écoles de l'Ontario aux cycles intermédiaire et supérieur, 1989*. Les médias d'apprentissage des cours préuniversitaires devraient appuyer les programmes-cadres existants.

Les titres français sont classés après les titres anglais.
